LETTER TO PARENTS

Dear Parents,

We are absolutely delighted to celebrate your child's participation in the SOF Olympiads! It fills us with joy to see young minds embracing the wonders of learning and embarking on a journey of exploration and discovery.

Your child's involvement in the **SOF Olympiads - The World's Biggest Olympiads** is a testament to your commitment towards nurturing the curiosity and fostering a love for learning.

We also extend our heartfelt gratitude to the dedicated **teachers and school** who have played an instrumental role in making this experience possible for your child.

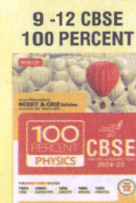

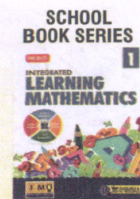

The SOF Olympiads are not just an exam; they are a springboard that propels students towards a brighter future. It is a platform where they can:

- **Discover their strengths:** The SOF Olympiads help students identify their areas of expertise and ignite their passion for specific domains.
- **Embrace challenges:** By participating, students learn to embrace challenges head-on, developing resilience and a mindset that will serve them well throughout their lives.
- **Expand their knowledge:** The SOF Olympiads encourage students to go beyond textbooks, exploring new concepts and expanding their understanding of the scientific world.
- **Connect with peers:** It provides a wonderful opportunity for students to connect with like-minded peers who share a passion for learning, fostering a sense of community and collaboration.

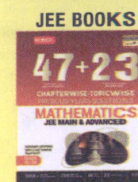

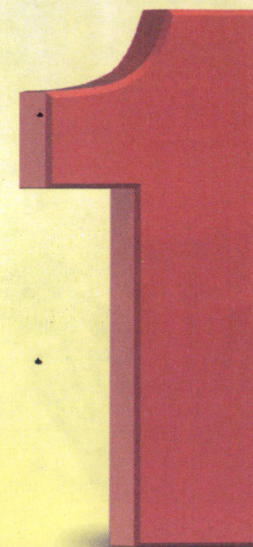

Together, parents, teachers, and the SOF team form a powerful alliance, guiding students on their path from **classroom to a fulfilling career**. The SOF Olympiads' experience provides them with invaluable skills and knowledge, empowering them to excel in learning and make a positive impact on the world.

Thank you for being an integral part of this incredible journey. Let us continue to inspire young minds and pave the way for a future filled with exciting possibilities!

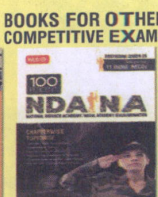

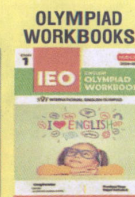

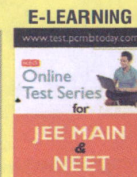

With warm regards,
Mahabir Singh

NEET JEE BOARDS CUET OLYMPIADS

MY FOCUS AREAS

This section of your Student Progress Report (SPR) helps you understand your performance.

S.NO.	SECTION NAME	TOTAL MARKS (In Section)	MARKS SCORED (In Section)	PERCENTAGE
1.	Economics	15	6	40
2.	Business Studies	15	11	73
3.	Accountancy	15	12	80
4.	Achievers Section	15	15	100
	Total	60	44	73

SECTION-WISE ANALYSIS TABLE

SECTION NAME: This column lists the different sections of the exam.

TOTAL MARKS (in Section): This shows the maximum marks possible for each section.

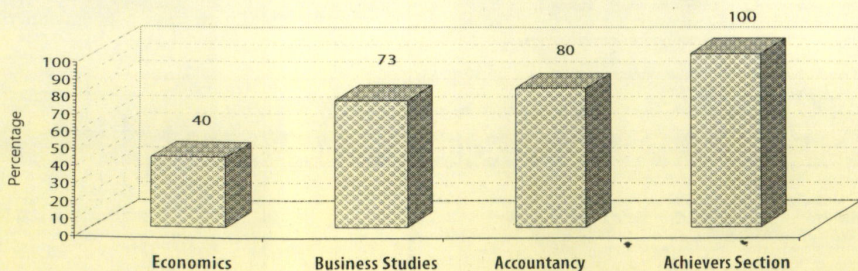

MARKS SCORED (in Section): This shows the marks you actually scored in each section.

PERCENTAGE: This shows your performance in each section as a percentage.

HOW TO USE THIS TABLE

Identify Strengths and Weaknesses: See which sections you scored highest in (your strengths) and which ones need improvement (your weaknesses). For example, if the score in one section is 90%, it is a strength, whereas if the score is 40%, it is a weakness.

Focus on your preparation: Use this information to guide your future studies. Spend more time on the sections where your scores are low.

BAR GRAPH

This bar graph visually represents the percentage achieved in each section, providing a quick comparison of the student's performance across different areas. This analysis helps identify the student's strengths and weaknesses, to focus on areas for improvement in future Olympiads.

The bar chart visually represents the same percentage data from the table. Each bar represents a section of the exam. The height of the bar shows your percentage score in that section. You can use this chart to quickly compare your performance and allow you to easily see your strongest and weakest areas at a glance.

CONNECTING TO QUESTION-WISE ANALYSIS

Your SPR also includes a question-wise analysis as shown on pages 4 & 5. This shows you exactly which questions you answered correctly or incorrectly.

Combine with Section-wise Analysis: If you scored low in a particular section, use the question-wise analysis to see exactly which concepts or types of questions you need to work on within that section.

Overall, use this information to:

- Track your progress
- Set goals for improvement
- Develop effective study strategies
- Celebrate your achievements

MY SCORE & RANKING

Maximum marks

60

Marks scored

44

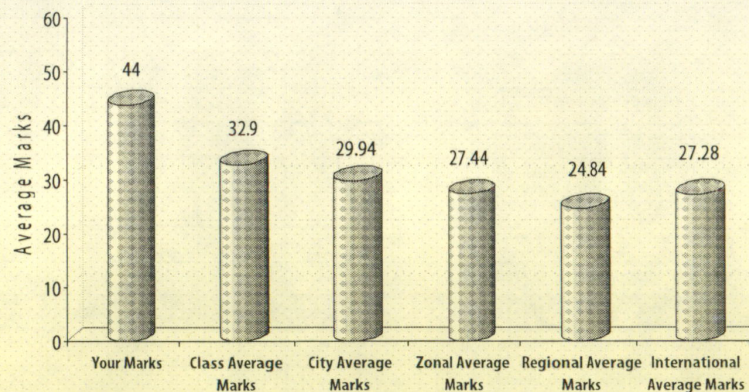

Percentage

73.33

Percentile score

93.99

A percentile score indicates how a particular score compares to others in a group. For example, if you scored in the 80th percentile on a test with 100 people, you performed better than 80 of them. Higher percentiles reflect better performance. IIT-JEE gives percentile scores.

Average Marks Analysis Graph

This graph shows your marks and average marks obtained by students of your class, city, zone, and region. It also shows international average marks.

	Average Marks	Ranking	Highest Marks
Your class	32.90	1	44
Your city	29.94	1	44
Your zone	27.44	7	50
Your region	24.84	149	55
International	27.28	495	58

This table shows the average marks, ranking and highest marks analysis. Average marks analysis data is same as in the graph above. The last column shows the highest marks obtained in your class, city, zone, region and internationally.
